# VISION

## Service Before Self ...

The motto of our School is a vivid reflection of the mettle and dedication that goes into the making of a noble institution, with a noble mission.

It is a constant reminder that the school spirit always accords greater priority to the welfare of others over welfare of one self. Service towards an enlightened path has always been the bedrock of our school's philosophy; which reflects a commitment to serve others willingly, graciously and selflessly. Our Institution contributes through sincere efforts to prepare the young pupils to become ideal citizens and hope of the nation.

## OUR CORE VALUES

Dear Parents,

We are delighted to have taken on the stupendous challenge of nurturing your child, motivating and guiding them to be energetic, passionate, focussed, confident and disciplined personalities; hence by the time they step into adulthood they are more than equipped to face the real world and take on the various challenges in life with a global outlook.

### EXCELLENCE

Across everything it touches, the school sets the highest standards.

### CREATIVITY & VIGOUR

The ability to realise your fullest potential by applying the knowledge you acquire to the Various Tasks and responsibilities one undertakes in life.

### CHARACTER

Instill a foundation of honesty, ethics and self discipline in the students.

### PROGRESS

Envision the ever-evolving future and encouraging new ideas to move forward in life.

Dear Parents / Guardians

First of all I would like to extend a hearty welcome to all the parents who have shown interest in Bansal Public School. True education lies in enriching every child to reach her / his maximum potential. We lay foundation of strong values along with developing problem solving skills which is must for a sustainable growth. At BPS, we enable children to excel their hidden potential by exposing them towards diverse opportunities. We teach them to be confident, creative and independent. We believe that education is the tool which alone can inculcate national and cultural values.

We have digital classes to enhance learning. We believe that education mainly begins at home where parents play an active role by developing the willingness among the children to study and learn. So parents should understand the priority of their children and their dreams.

Our school will enable students to gain the highest qualifications to acquire life-long learning skills and prepare them as global citizens. Through our curriculum, we aspire to strengthen the friendly, ethical and cultural development of our students and to equip them for future responsibilities. With each academic session we are growing from strength to strength and continuously aspire for excellence and success in all our endeavours. I look forward for your long, happy and productive association with our institution.

**Pramod K. Bansal, Chief Mentor & Director**

“ “ The power of ignited soul is more powerful than any force on the earth. ” ”

For us, education is more than the curriculum, as we firmly believe in grooming our children with right values, the right ethics and the right attitude thereby assuring that they are responsible, competent, honest, humane, enterprising, perceptive and emotionally strong individuals of tomorrow. Yes, we encourage our students to be academically sound and enthusiastic, however at the same time we motivate them to be involved in as many activities as possible. Be it sports & co curricular activities as participation helps them to discover and unleash their talents, build team spirit and initiate leadership skill. Parents have wholeheartedly co-operated & supported us to fulfill our mission & motto, where on one hand we frequently interacts with the parent and on the other, we never cease to extend our hands beyond the realms of the class room, bonding naturally with the students.

**Dr. Richa Bansal, Director**

“A man who has never made any mistake is someone who has never tried anything new in life.”

In my earnest attempt to delineate the prospects that your child would have at our institution, it becomes my prime responsibility to put to you the ideology and conviction inherent in the foundation of Bansal Public School. An extract from ones saying ".... your children are not your children, they are the sons and daughters of life's longing for itself... you are the bows, from which your children as living arrows are sent forth.

With your support, our confident team will surely set high standards in the field of education in the times to come. The students at Bansal Public School will experience the joy of discovery, rather that just be quantities measured by numerical scores or letters of the alphabet.

**Gyan Gautam, Principal Mentor**

“There is nothing more important in Education than the development of character, because intellect without character is a disaster.”

We believe that a child's education is a shared process where home and school, work in a partnership for the mutual benefit of the child. The aim of the school is to develop its pupils educationally and morally to their full potential and help them to become informed human beings equipped to take their place in the community as responsible citizens.

At Bansal Public School, students develop into adults endowed with analytical & logical thinking, a mind that is curious and sensitivity that matches them humane in thought, word & deed.

**Savita Tripathi, Principal**

# HOLISTIC EDUCATION

BPS lays emphasis on broad-based and holistic learning, focuses on teaching quality and integration of information into learning. Holistic development of the child is possible through the right combination of academic and extra curricular activities. We conduct various events involving the students, parents and the academic fraternity to bring all dimensions of learning, which in true sense is a Holistic Education.

## Service Learning

Badminton Court

Table Tennis

Art & Craft

Lawn Tennis Court

# KINDERGARTEN

Play Group | Nursery | LKG | HKG

We believe that maximum learning takes place in the first seven years of a child's life, therefore children deserve to get the best learning exposure at the pre-school level. Since young children have an inbuilt curiosity to explore, the learning skills are introduced not through drill, but through fun and exciting activities. For every theme related activities are planned like songs, stories, rhymes and art & craft. Frequent competitions are also incorporated in their learning process. All major festivals are celebrated with great fun. Besides all these, garden walks, films, magic shows and puppet shows form an intrinsic part of the school curriculum.

# PRIMARY WING

Class I to V

The primary school sets the foundation of academic education for senior classes. The confidence of students in language, mathematical ability, basic science is strengthened and the awareness of the world around them is improved. Their creativity, curiosity and sporting talent is encouraged through deliberated sessions. Many team based activities bring students together and individual activities help to develop confidence in themselves. The school aligns itself with the NCERT curriculum.

# SECONDARY WING

Class VI to VIII

Middle school is embarking on a lifelong task of establishing personal identity and acquiring social skills. Academically, they are developing higher level thinking and reasoning skills, while, socially, peer group approval gains importance as they begin to develop their own values and make their own decisions. We offer our students a well-balanced programme that promotes physical activity and a healthy lifestyle, as well as exposure to the arts and a stimulating academic environment. Although our programme is challenging, we provide support to those who require it, ensuring that every body has the potential to be successful.

# SENIOR WING

Class IX to XII

Higher Education which serves as a bridge between middle and college education is expected to prepare young people between the age group 14 - 17 years in the world of work and entry into higher education.

The senior school programme at BPS has been planned and compiled, based on the structured, student centered and enquiry-based foundation laid during the primary years.

- Flexible, yet comprehensive curriculum with rigorous international standards.
- A unique approach to interdisciplinary learning using multiple instructional methods and teaching strategies.
- Community and global focus with an emphasis on intercultural understanding.

# ACHIEVEMENTS IN SESSION: 2019-20

## All India Air Pistol Shooting Competition

# SUMMER CAMP

Summer Camp provides a structured opportunity for students to grow. It aimed at improving their indulgence in extra curricular activities. A wide range of activities such as Music, Dance, Sports, Drawing & a lot more had been included so as to explore & develop the potential of our students.

## CLUBS AT SCHOOL

Joining a student club opens the door to building new friendships, enhancing your academic life, and exploring career opportunities. As an active member of a student club, you will learn important leadership and management skills as you participate in a variety of programs. This may include planning campus-wide academic, cultural, arts or social events, as well as working on various aspects of student publications, competing in athletic competitions or debate tournaments, attending leadership seminars, and organizing community service projects.

The integration of work and study as the key element at BPS. It opens door to enhance academic life and cultivates voluntaristic spirit.

Club activities give students practical training and gives opportunity to show their talent.
